

Application User Manual

Welcome to the SOP Task Manager application. This manual will guide you through the essential functionalities to manage your tasks effectively.

1. How to Login

To access the system, you must enter your username and a 4-digit PIN. Once entered, click the **Unlock** button to log in.

The login form is centered on a light blue background. It features a title 'Welcome to Tester's SOP' in blue, followed by a subtitle 'Please log in with your Username and PIN to access your workspaces.' in gray. Below this are two input fields: 'Username' with a placeholder 'e.g. Tester01' and 'Security PIN' with a placeholder '****'. A blue 'Unlock' button is positioned at the bottom of the form.

2. Dashboard Overview

After a successful login, you will see your Dashboard. It displays your assigned User Stories. You can filter the view to see only your tasks by checking the "My Stories" checkbox.

Guidelines & Rules Workflow Chart Standard Operating Procedure Templates

Core Rules

- Tools:** Access UiPath Test Manager via Jira Link or URL. Authentication via email.
- Context:** ALWAYS select relevant documents (attachments/US description) for the context.
- Evaluation:** Perform Initial Evaluation (Relevance, logic, coverage) -> Detailed Evaluation (Ethics, prerequisites, acceptance criteria).
- Integration:** Saving in Test Manager automatically pushes scenarios to Jira in 'Drafturi Test Manager' Xray folder.
- Refinement:** Ensure proper limits (Max 50 steps), positive/negative constraints, and expected behavior. Tester remains final owner.

3. Toggling the Theme

The application supports both Light and Dark themes. To switch themes, click the **Toggle Theme** button located at the top right of the dashboard.

The screenshot displays the application's user interface. On the left is a dark sidebar titled 'Tester's SOP' containing a menu with items like 'User Manual & Guidelines', 'Test Design & Management', 'AI Scenario Generation', and others. The main content area is titled 'AI Scenario Generation via UiPath' and features a search bar and a user profile 'Test user'. Below these are tabs for 'Guidelines & Rules', 'Workflow Chart', 'Standard Operating Procedure', and 'Templates'. The 'Guidelines & Rules' tab is active, showing a section titled 'Core Rules' with a list of guidelines. A red rectangular box highlights the 'Toggle Theme' button, which is represented by a sun/moon icon, located in the top right corner of the dashboard header.

4. Managing User Stories & Progress Bar

Your active and completion status are displayed directly in the dashboard list. You can monitor your overall progression across all assigned tasks easily without opening each one.

Reset All Stories

Entry Criteria

☒ Login to UiPath Test Manager using QA Email.

☒ Select appropriate prompt from library.

☒ Select User Story attachments for context.

Exit Criteria

☒ Perform Initial Evaluation for logical errors and relevance.

☒ Complete Detailed Evaluation and refine test steps.

☐ Verify tests are pushed to Jira Xray folder successfully.

☐ Change Assignee to self and move tests to proper Scrum folder.

5. Using Checklist

Once you switch into a User Story, tasks are organized into Checklists. Your progress relies on the entry and exit criteria you complete. Marking items as done will update your status.

The screenshot displays the 'AI Scenario Generation via UiPath' application interface. On the left is a dark sidebar with a 'Tester's SOP' section containing links like 'User Manual & Guidelines', 'Test Design & Management', 'AI Scenario Generation', 'Test Design & Xray Management', 'Screening Validation', 'Test Execution', 'Defect Management', 'Specialized Testing', and 'Agile & Ceremonies'. The main content area has a top navigation bar with 'Guidelines & Rules', 'Workflow Chart', 'Standard Operating Procedure' (selected), and 'Templates'. Below this, there's a header for 'Epic: WF-7679: AA Collateral D' and 'User Story: WF-7849: Structuring PF and PJ'. A progress bar shows 'Active Status: 0%' and '0 of 7 items checked'. A red box highlights the 'Standard Operating Procedure Checklist' section. This section is divided into 'Entry Criteria' and 'Exit Criteria'. The first item under 'Entry Criteria', 'Login to UiPath Test Manager using QA Email.', is circled in red. Other items include 'Select appropriate prompt from library.', 'Select User Story attachments for context.', 'Perform Initial Evaluation for logical errors and relevance.', 'Complete Detailed Evaluation and refine test steps.', and 'Verify tests are pushed to Jira Xray folder successfully.'.

6. Installing Desktop Application

You can install the SOP Task Manager directly as a standalone desktop application for faster access. Look for the install icon (a small computer with a downward arrow) on the right side of your browser's address bar. Click it to install the app on your device.
